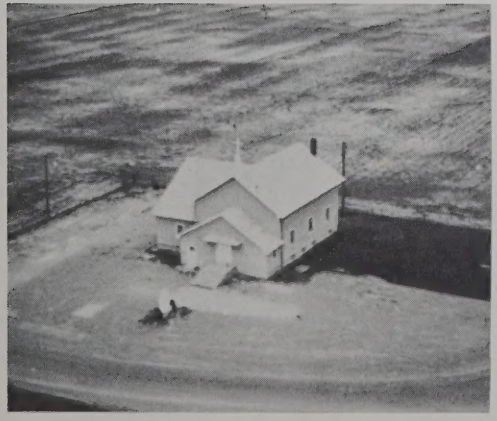
BUILDING THROUGH THE YEARS

The land for the Norris Chapel Church was purchased from Mr. & Mrs. Daniel D. Metcalf on December 30, 1879. The church, a one room structure without belfry, was built in 1880. In 1899, the belfry was added. The building was named after, and dedicated, by Rev. Hugh Norris.

In 1953, Ralph Allison gave the church fifty feet north and the width of the church west in a lease for as long as services were held in the church. The church building was moved north its length and east the width of the building. It was placed on an eight foot wall with a full basement underneath and an oil furnace. In 1954, a well was drilled and water piped inside.



In 1960, the sign was erected in front of the church. On April 14, 1961, the new addition was started. The bell was removed and mounted on the church lawn. Approximately a year later, the addition was finished and consisted of a cloak room, three classrooms, two restrooms and basement. The church, and roof, was then shingled and stone laid across the front. The cross was built and erected by Rev. and Mrs. Haines.

CHRISTIAN WORSHIP
